

15th Annual CMP Users' Conference

CMP

and the Common Core State Standards (CCSS)

FEBRUARY 24–25, 2012

CONNECTED MATHEMATICS

Come join your fellow CMP teachers and leaders for a stimulating mid-winter break at Michigan State University. You can choose from over 32 presentations by CMP Teachers and Leaders about what CCSS means for the CMP classroom. Implementation, assessment, accessibility, reasoning and sense making are samples of the topics to be discussed.

The conference will begin on Friday morning with a plenary talk from Michael Shaughnessy, NCTM President; and end with a wrap-up on Saturday by Valerie Mills, President-Elect of NCSM.
